Los Angeles, California

Expected June 2028

Foothill College

Major: Economics | GPA: 4.0 / 4.0 | Co-President, Foothill Consulting

Los Altos Hills, California

Sept 2024 – June 2025

EXPERIENCE

Vabrato Real Estate

Client Services Intern

San Carlos, California

Feb 2026 – Aug 2026

- Mapped the end-to-end buyer and seller journey through client feedback, turning recurring friction points into prioritized requirements for process changes adopted across the brokerage.
- Owned a 400+ subscriber newsletter channel, defining engagement metrics and running A/B tests on creative and send timing to sharpen content strategy and audience engagement.
- Drove go-to-market for a \$9.8M listing, aligning marketing, design, legal disclosure, and vendor partners on one launch timeline and clearing every milestone within the first month.
- Analyzed pricing and competitive positioning across MLS, public records, and third-party data, converting findings into pricing and positioning recommendations for sellers.

Evergreen M&A

Lead Analyst

Remote

Feb 2025 – Oct 2025

- Led a team of analysts across concurrent engagements, defining scope, requirements, and delivery milestones to speed up turnaround.
- Directed market and competitive research on acquisition targets, turning data into recommendations adopted by senior stakeholders.
- Mentored junior analysts on modeling and documentation standards, reducing revision cycles.

Evergreen M&A

Mergers & Acquisitions Analyst Intern

Remote

Sept 2024 – Feb 2025

- Built financial models on revenue, cash flow, and valuation for sell-side clients with \$5M–\$50M enterprise values, shaping pricing strategy and positioning with 100% data accuracy.

Silver Creek Valley Country Club

Banquet Server

San Jose, California

Aug 2023 – Sept 2024

- Surfaced process improvements from observed guest pain points and put them into practice, shortening service and wait times across large-scale events.

PRODUCT PROJECTS

AI Home-Buying Advisor | Anthropic API, React

Mar 2026 – Apr 2026

- Built a conversational AI shopping guide for first-time home buyers, scoped around the real questions buyers asked during my brokerage work to reduce drop-off in a high-stakes purchase.
- Owned prompt design, conversation state, and the full React front end.

Task Breakdown Tool | Product Lead | Worked alongside a Zoom PM

Aug 2026 – Present

- Ran user research and competitive analysis across Todoist, Motion, Sunsama, and TickTick, validating task ambiguity as the core driver of procrastination.
- Defined a tool that breaks vague to-dos into concrete first actions and resurfaces the smallest next step each day, targeting college students during unstructured breaks.

SQL Quest | React, sql.js

Apr 2026 – May 2026

- Built a browser-based SQL learning game with 45 challenges across 10 levels, sequencing difficulty so new users hit an early win and build complexity step by step.
- Ran fully client-side with no backend, keeping the experience instant and removing setup friction for first-time learners.
